## SUMMARY

Product Designer with nearly 4 years of end-to-end experience in complex financial products (Payment Hub, Personal Receipts, and Open Finance journeys), impacting flows with approximately 10 million monthly accesses. I have acted in transforming business requirements and regulations into scalable digital solutions for mobile and desktop channels. My experience ranges from modernizing legacy interfaces and analyzing adherence to new Design Systems, to testing, experimentation, and tracking customer satisfaction metrics.

I have strong expertise in Figma governance, building componentized screen ecosystems (Team Libraries) to preserve visual history and accelerate reuse across teams. Combining design and efficiency, I incorporated generative AI into corporate workflows in my last role for over 2 years, complementing 5 years of independent study and continuous practical use of these technologies.

## EXPERIENCE

**BANCO ITAÚ** 08/2022 – 03/2026

**Product Designer** Remote

- Large-Scale Design: Led the evolution of highly complex financial journeys (Payment Hub, Personal Receipts, and Open Finance), designing solutions for an ecosystem with approximately 10 million monthly accesses.
- Metrics Evolution: Tracked and improved customer satisfaction (Likert scale metric) from 33% to 59%, achieving the strategic target set for 2025.
- Figma Governance: Structured componentized screen ecosystems (Team Libraries) using the company's Design System. Organized past, current, and future versions of user journeys, ensuring visual consistency and facilitating reuse by other design squads.
- AI Efficiency: Incorporated generative Artificial Intelligence tools (authorized by the company) into daily design processes for over 2 years, accelerating ideation, prototyping, and documentation synthesis.
- Product Vision: Acted end-to-end (discovery, testing, information architecture, and handoff), aligning strict Central Bank regulations, business goals, and technical feasibility with Product, Data, and Engineering teams.
- Recognition: Awarded the PRAD 2024 (High-Performance Award) in recognition of the results delivered and impact on the Personal Receipts area products.

**MÉLIUZ** 08/2021 – 07/2022

**CRM Intern** Remote

- Startup Operation: Configured CRM and email marketing campaigns via Salesforce Marketing Cloud, supporting customer communication in a fast-paced, high-experimentation environment.
- Journeys & Data: Planned communication workflows, structured A/B tests, and segmented user profiles, analyzing performance indicators to extract insights that optimized user experience and conversion rates.
- Collaboration & Setup: Supported campaign setup and strategic content organization, working closely with various teams and stakeholders to ensure successful deliveries.

**FREELANCER** 10/2021 – 05/2022

**Web Designer / UX Designer** Remote

- Web Development: Designed and developed websites, landing pages, and platforms (including the real estate segment) using WordPress and Webflow, focusing on information architecture and conversion.

## SKILLS

**Product Design & UX:** End-to-End Design, Product Discovery, UX Research, User Journey, Information Architecture, Usability Testing, Accessibility, Developer Handoff.

**UI & Tools:** Figma (Design Systems, Team Libraries, Auto Layout, Componentization, High-Fidelity Prototyping), Dovetail, Miro, Notion, Salesforce (CRM), Basic HTML.

**Data & Processes:** Experience Metrics Analysis, A/B Testing, Agile (Scrum/Kanban), Product Documentation, Facilitation.

**Artificial Intelligence:** Generative AI, Prompt Engineering, OpenAI, Claude, Midjourney, M365 Copilot, MCP, Design.md.

**Languages:** Portuguese (Native) | English (Intermediate - Technical reading and documentation).

## EDUCATION

**UNIVERSIDADE DO ESTADO DE MINAS GERAIS** 02/2018 – 09/2024

**Bachelor's in Social Communication (Marketing and Advertising)** Divinópolis, MG

Capstone Project (TCC): Research focused on diversity, inclusion, visual communication, and representation (study on deafness and silence in a music video).

## CERTIFICATIONS

**Tera Certificate:** Digital Product Designer 2026

**The Era of Artificial Intelligence:** Focus on LLMs, ChatGPT, Prompt Engineering, and Productivity 2024

**Figma Pro Scalable Design Systems:** Governance and Architecture 2023

**UX/UI Design UX Unicórnio:** Design Thinking, Research, and Prototyping 2021

## DIVERSITY & INCLUSION

Person with a Disability (PwD) – Bilateral hearing loss
